

GOALS AND OBJECTIVES WORKSHEET

HINT: Your Goal is a broad statement of the change you will see.

“The homebound elderly in ABC County will live with dignity and independence.”

HINT: Your Objective is a Specific, Measurable, Attainable, Relevant, Time-based result of the change you will see. If you can't measure it, it probably isn't a good objective. Start your OBJECTIVE with ACTION WORDS that suggest a purpose:

“There will be a 5% decrease in the number of frail older adults going into convalescent homes during the first year of the referral program.”
